

MAY THE WORLD LIVE IN PEACE

©music and lyrics by Suzanne Palermo

Do La- Re- Sol

May the world live in peace and not in pieces.
May the world live in love and not in pain.

May we work together to make it better
loving thoughts, words and deeds is what it needs.

La- Do Re- Sol

Let's play the game of life, learn right and wrong!
Let's make our dream come true and sing this song!

Let's hear the call resounding from our soul:
Love all, serve all! Let's show them that we know!
